**REQUEST FOR CERTIFICATE OF CORRECTION
UNDER 37 CFR §1.323**

Sir:

Patentee respectfully requests that a Certificate of Correction under 37 CFR §1.323 be issued for the above identified patent properly listing the priority application as DE 102 38 708.7. The Letters Patent received by Patentee's attorneys fails to list the priority application.

Enclosed is a copy of the Submission of Priority Document After Notice of Allowance filed March 11, 2004, which verifies the claim for priority and a Certificate of Correction.

According to 37 CFR §1.323, a Certificate of Correction may be issued whenever a mistake of a clerical or typographical nature or of minor character, which was not the fault of the Patent Office, appears in a patent and a showing is made that such mistake occurred in good faith. Patentee submits that the listing of the priority document DE 102 38 708.7 on the PTO form PTOL-85b was an error due to the timing of the filing of the Priority Document and occurred with no intent to deceive the Patent Office. Patentee further submits that correction of the data under 37 CFR §1.323 does not involve such changes to the patent that would constitute new matter or would require reexamination.
